

Pest Pro 200 UV Bug Light

The Pest Pro 200 UV Bug Light is an attractive wall mount design for confined areas. The 3-inch depth makes this wall mount the perfect choice for use on hallway or kitchen walls where crowding is a concern.

Installation is simple, requiring only basic hand tools and all Pest Pro bug lights are “quick ship” items, in stock and ready to ship upon purchase.

BENEFITS

- Ideal solution for controlling flying pests in kitchens and other high traffic areas in restaurants and food service facilities
- Silently traps insects on replaceable adhesive boards without the “zapping” noise associated with traditional insect traps
- Replaceable adhesive panels catch insects and keep restaurants and food service areas clean, inviting and free of flying pests
- Installs in minutes
- Pest Pros are “quick ship” items that are in stock and ready to ship immediately upon purchase
